

TECHNICAL DATA SHEET

Order reference	SW1200
Article number	813814

Date	6-27-06	Replaces	1-7-02	none	No. Pages	1
-------------	---------	-----------------	--------	------	------------------	---

Product Description:

Style	Pads, folded sheets
Item Size (each)	30 cm x 38 cm
Color	Gray
Composition	Polypropylene >98%, Surfactant < 1.0%, color pigment < 0.1 %
Structure	A nonwoven mat of randomly oriented Micro-fibers [2-10 micron diameters]
Technology	Meltblown
Absorbency	Universal (Hydrophilic + Oleophilic)
Bonding	Calender with diamond pattern + Mechanical entanglement

Intended Application	Low -Lint Chemical Resistant Sorbent for Water, Oil, or Solvent Base Liquids
-----------------------------	--

Absorbency Capacity	38 l per bale (saturated; medium viscosity-8x)
----------------------------	--

Packaging Description:

Package configuration	1-case	Pkg. Weight	4.5 kg (4.1 kg)
Items per Package	50 wipes per pack, 10 packs/case	Pkg. Dimensions	52 cm x 34 cm x 20 cm
Container type	carton		

Physical Properties:

<u>Parameter</u>	<u>SPC Test Method</u>	<u>Units</u>	<u>Nominal</u>	<u>(+/-)Tolerance</u>
Basis Weight	SPCTM-002A	G/M2	72	7.2
Caliper	SPCTM-003A	mm	0.94	0.1
Absorbency (water)	SPCTM-004C	gL/gS	8	2
Absorbency (med. Oil)	SPCTM-004B	gL/gS	8	2
Tensile Strength	SPCTM-007	daN	1.8	0.9
Color	Visual	-----	Gray	per standard

The above properties are “nominal” values used for PROCESS CONTROL when the product is produced and/or inspected. Performances “nominals” may vary depending upon the specific application and the environment being applied or stored.

Attributes	Product will be free of foreign material contamination, rips, holes, and tears.
Labeling	Each package to be clearly labeled with Company Name, Address, Item No., Date, and/or Package Code (Bar Code).
Certification	Make no changes in basic process or composition without notifying customer. Claims for non-conformance of goods must be made within 60-days of delivery.
